# WHY ATTEND?

Now in its 26th year, **RDH Under One Roof** is a conference and exhibition exclusively for dental hygienists. **RDH Under One Roof** is THE event for the dental hygiene profession.

## TAKE IT FROM THESE HYGIENISTS, THIS IS AN EVENT YOU DON'T WANT TO MISS!

The exhibit hall was **AMAZING!** You learn so much and get so many free samples!

**2,000+**  
*Dental Hygienists*

**125+**  
*Exhibits*

**Attend!!** There are lots of programs with a lot of diversity and interesting topics.

**Such a great conference!**

The vendors were there to talk to **US** and seemed to really value our input!

**20**  
*CE Credits*

## 2026 CONFERENCE HIGHLIGHTS

- ❖ Diversified clinical general session topics, including lasers, new products, patient care, ergonomics, mental health, and so much more!
- ❖ One-hour mini general sessions covering preventative needs, green dentistry, and public health for the dental hygienist.
- ❖ Hands-on workshops offering advanced or new techniques.

### ❖ All attendee sessions

#### Day 1, Mega Session

Commercially supported by:

**PerioProtect**  
A VistaApex Solution

#### Day 2, Keynote Session

Commercially supported by:

**PHILIPS**

#### Day 2, Mega Session

Commercially supported by:

**GUM**

#### Day 3, Wrap-Up Session

# TABLE OF CONTENTS

## GENERAL INFORMATION

- 2 Why Attend?
- 4-6 General Information, FAQs, and Contacts
- 7 Sponsors
- 8 Giveaway

## CONFERENCE

- 9-12 Conference and Event Schedule
- 13 Provider Accreditation and Disclosures
- 14-25 Conference Details
- 26-28 RDH Educator Workshops
- 29 Ambassador Program and Podcasts
- 30 UOR Extended
- 31 RDH Evolution

## EXHIBITION

- 34 Exhibitor Floor Plan
- 35-36 List of Exhibitors
- 37 Hygiene Tools for the Informed Dental Hygienist
- 38 Hotel Information and Reservations
- 39 Registration Information

# GENERAL INFORMATION & FAQS

## ON-SITE REGISTRATION HOURS

|                          |                   |
|--------------------------|-------------------|
| Wednesday, July 15, 2026 | 2:00 PM - 6:00 PM |
| Thursday, July 16, 2026  | 7:00 AM - 6:00 PM |
| Friday, July 17, 2026    | 7:00 AM - 6:00 PM |
| Saturday, July 18, 2026  | 7:00 AM - 1:00 PM |

## EXHIBIT HALL HOURS

|                         |   |
|-------------------------|---|
| Thursday, July 16, 2026 | 5:00 PM - 7:30 PM                       |
| Friday, July 17, 2026   | 10:00 AM - 3:00 PM<br>5:30 PM - 7:30 PM |
| Saturday, July 18, 2026 | 9:30 AM - 1:30 PM                       |

### Registration

#### What is included in a full conference registration?

- ✿ All general sessions, including the mega, keynote, and wrap-up sessions
- ✿ Up to 20 CE credits if you attend only general sessions all three days
- ✿ Access to the exhibit hall floor to visit and network with 125+ exhibitors
- ✿ Lunch on the exhibit hall floor Friday and Saturday
- ✿ Networking reception on the exhibit hall floor Thursday and Friday evening

**See page 39 for additional Registration details.**

**Please note:** Workshops are not included in a full conference registration. Additional registration is required to attend workshops.

### General Event

#### What meals are included?

- ✿ Full conference attendees receive lunch on Friday and Saturday and drinks at each of the networking receptions on the exhibit hall floor.
- ✿ **Please note:** Lunch on Thursday will be on your own.

### Travel Tips

#### How do I book my hotel room?

- ✿ **See page 38 for details.**

#### How do I find a roommate?

- ✿ Join our private Facebook group (RDH Under One Roof Official) to become acquainted with fellow attendees.

#### What do I wear? How should I pack?

- ✿ Typical attire for attendees ranges from business casual to casual. It will be hot outside, but the session rooms will be set for 72 degrees. This can feel chilly to some, so bring a sweater or light jacket to wear during the day.

### Exhibit Hall

#### Will I have time to visit the exhibit hall?

- ✿ Yes, and there is so much to see! Visit the exhibit hall during lunch, in between sessions, and during the evening receptions.
- ✿ **See pages 34-36** for a full diagram of the exhibit hall and a list of exhibiting companies.

## Conference

### What is a general session?

- General sessions are large group courses open to all registered conference attendees. Seating is first come, first served, so come early to get a good seat. No additional registration is needed to attend any of the general sessions.

### What is a workshop?

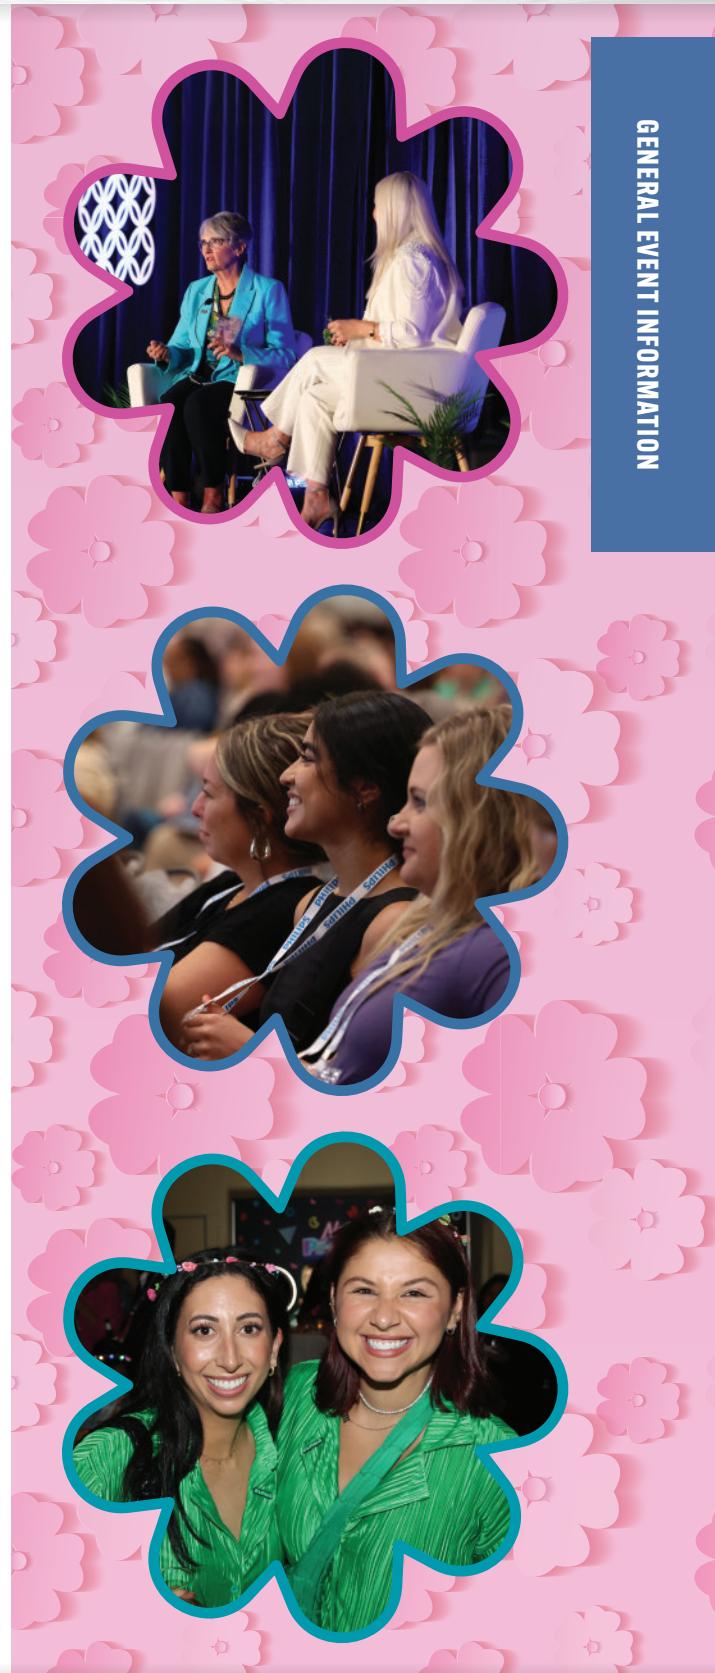

- Workshops are small group courses with hands-on elements. Workshops are ticketed and required additional registration for a nominal fee. If you are more than 15 minutes late to a workshop, you will not be allowed in.

### What if I am late to a course?

- In an effort to keep the conference program on schedule, courses start promptly. Be early!
- If you are late to a general session, try to enter the room as quietly as possible and find a seat.
- If you are late to a workshop, you may lose your seat! Workshops are always in high demand and often sell out prior to the event. On-site wait-lists are used to fill empty seats. If you are late, your seat will likely be filled.
- If you miss a workshop, you can choose to attend another workshop that is not already sold out. Check in with registration on-site to work out your specific situation. Please note: Refunds will NOT be issued on missed workshops.

### Will there be course handouts?

- Some general sessions may have handouts provided online approximately 30 days before the event. All preregistered attendees will be sent an email notice that the handouts are ready to be printed and downloaded.
- Workshop materials are all provided by the presenter and handed out during the session.

# GENERAL INFORMATION & FAQS

## General Event

### How many credits can I expect to earn while attending UOR?

- ✿ You can earn up to 20 CE credits by attending general sessions in every time slot on all three days. This includes attendance at the mega, keynote, and wrap-up sessions.
- ✿ Organize your time to fit your needs. The number of CE credits available is indicated on each course. You can maximize your time to earn as many credits as possible—or earn what you need.

## CE Claim Credit

### How do I collect my CE credits?

✿ There is a CE kiosk on-site where you can collect your CE certifications of completion and verification. To do this, follow these instructions: At the end of every session you will be given a CE code. Write down the code and visit the CE kiosk when convenient. At the kiosk, log in and take the course evaluation. The CE kiosk will be open all three days of the event. CE redemptions may also be claimed during the event or from home at [dentalacademyofce.com](https://dentalacademyofce.com). Customer service support is available onsite and by phone or email, if needed.

✿ Please note the log in for claiming credits is NOT the same as your RDH registration account. If you have never used our website ([dentalacademyofce.com](https://dentalacademyofce.com)) before, you will need to create an account (see instructions at right). If you have done CE with us before, make sure your password is up-to-date by visiting the log in page and requesting a password reset if needed. This will make claiming CE at the event much easier!

## CE Kiosk Information

### Collect your continuing education credits while on-site at the event.

1. Write down the course code at the end of each session you attend.
2. Credits can be claimed on-site at the CE Kiosk or online at [dentalacademyofce.com](https://dentalacademyofce.com).

## CE Kiosk Hours

|                   |                    |
|-------------------|--------------------|
| Thursday, July 16 | 10:00 AM - 6:00 PM |
| Friday, July 17   | 7:00 AM - 6:00 PM  |
| Saturday, July 18 | 7:00 AM - 3:30 PM  |

Visit [dentalacademyofcontinuingeducation.com](https://dentalacademyofcontinuingeducation.com) to access the full library of self-study CE offered by the Dental Academy of Continuing Education!

## DACE Registration Instructions

1. Visit: <https://dentalacademyofce.com/user-registration/>
2. Complete and submit the registration form.
3. Check your email for a message from DACE. This email will include a secure link to set your password. (Be sure to check your spam or junk folder if you don't see it.)
4. Once your password is set, log in here:  
<https://dentalacademyofce.com/dace-login/>

# PROVIDER ACCREDITATIONS & DISCLOSURES

## Endeavor Business Media

Nationally Approved PACE Program Provider for FAGD/MAGD credit.

Approval does not imply acceptance by any regulatory authority or AGD endorsement.

11/1/2025 to 10/31/2028.

Provider ID# 320452

Approved provider through December 31, 2026

Endeavor Business Media is an American Academy of Dental Hygiene (AADH) approved provider through December 31, 2026.

**PROVIDER DISCLOSURE:** Endeavor Business Media's Dental Division does not have a leadership or financial/commercial interest in any products or services discussed or shared in any of the educational activities presented at RDH Under One Roof 2026.

**PROVIDER/CE PLANNING MEMBERS DISCLOSURE:** Chris Page, RDH Sales Manager, has no relevant financial interest that may create a conflict of interest related to RDH Under One Roof. Laura Winfield-Roy, Conference Manager, has no relevant financial interest that may create a conflict of interest related to RDH Under One Roof.

**CAUTION!** Completing a single continuing education activity DOES NOT provide enough information to claim that the participant is an expert on the topic presented. It is a combination of many educational activities and clinical experience that allows the participant to develop skills and expertise.

## PROVIDER CONTACT INFORMATION:

**Laura Winfield-Roy**

Conference Manager,

[lwinfield@endeavorb2b.com](mailto:lwinfield@endeavorb2b.com)

or direct at 918-831-9869

CONFERENCE

# CONFERENCE DETAILS

Courses with commercial support provided by an unrestricted educational grant include the logo of the commercial supporter. Expanded information regarding speakers, session details, and other conference and event information can be found on the **RDH Under One Roof website, rdhunderoneroof.com**.

**GENERAL SESSIONS** comprise most of the UOR presentations. They are included in a full conference registration. Seating is first-come, first-served, so arrive early to get a good seat!

**MEGA SESSIONS, KEYNOTE, and WRAP-UP SESSIONS** are all-attendee general sessions and are also included in a full conference registration.

**WORKSHOPS** are small hands-on sessions in a classroom setting. Workshops require additional registration to attend. Workshops sell out quickly! Do not miss the opportunity to attend—register early.

**NETWORKING ACTIVITIES** are fun non-CE activities designed to promote fellowship and mentorship with your peers. Be sure to check if an activity requires registration to attend. Lunch on Friday and Saturday, and several receptions are included in a full conference registration.

8:00 AM - 10:00 AM · KICK-OFF MEGA SESSION

2 CE | Professional Development

**What's Your Legacy?**

**Pamela Maragliano, BSDH, DMD**

AGD Subject Code: 770 | Self Improvement

**Learning Objectives:**

- Discuss mission and vision
- Feel enlightened on how to seek opportunities that align with your personal and professional goals
- Gain a deeper understanding of biofilm science and a practical approach for patients
- Share updates on modern dental hygiene practices that truly impact your patients

MINI SESSION

## THURSDAY, JULY 16, 2026 - DAY 1 (CONT.)

### 10:30 AM - 12:30 PM - GENERAL SESSION

2CE | Nutrition

#### Essential Nutrition for the Dental Professional

**Uche Odiatu, DMD, BA, NSCA**

AGD Subject Code: 150 | Health Medicine and Nutrition

#### Learning Objectives:

- Discover the value of making conscious food choices
- Learn why Hippocrates in 300BC said “Let food be thy medicine and medicine be thy food”
- Understand just how food is much more than calories and has a powerful influence in every physiological process in the body
- Feel empowered to navigate all the “expert’s” EAT That NOT This of the online world.
- Gain insight as to which supplements you can forget and which ones need to be on your “must” list

### 10:30 AM - 12:30 PM - GENERAL SESSION

2CE | Dentin Hypersensitivity

#### Nano Hydroxyapatite: Not What You Think - Building Evidence-Based Remineralization Protocol

**Karen-Ann Gordon, DC, RDH**

AGD Subject Code: 161 | Dentinal Hypersensitivity & Treatment

#### Learning Objectives:

- Compare the mechanisms of action of fluoride and nano-hydroxyapatite in caries prevention and remineralization.
- Evaluate current clinical evidence supporting n-HAp for sensitivity reduction and enamel repair.
- Design a patient-centered remineralization protocol integrating n-HAp into preventive care.
- Critically appraise product claims and educate patients seeking fluoride alternatives.

### 10:30 AM - 12:30 PM - GENERAL SESSION

2CE | Dental Hygiene Products

#### New Products to Build a Legacy

**Amanda Hill, BSDH, RDH, CDIPC**

AGD Subject Code: 110 | Product/Technology Training

#### Learning Objectives:

- Qualify and quantify improvements in today's top performing products
- Clarify and compare the newest materials and products for various aspects of dentistry
- Explore and evaluate your best options in appropriate delivery of treatments
- Communicate and coach your patients to the most appropriate care
- Stimulate and spearhead the change you've always wanted

**\*THIS COURSE IS COMMERCIALY SUPPORTED.**

# CONFERENCE DETAILS

## THURSDAY, JULY 16, 2026 - DAY 1 (CONT.)

### 10:30 AM - 12:30 PM • GENERAL SESSION

2 CE | Business Of Dental Hygiene

#### Inside an Employee Owned DSO: Real Stories, Real Options Beyond the Chair for Hygienists

Kayla Rains, RDH, BS

AGD Subject Code: 550 | Practice Management

#### Learning Objectives:

- Debunk common myths and misconceptions about working for Dental Support Organizations (DSOs).
- Understand the range of support and resources available to hygienists within employee-owned DSOs.
- Recognize the diversity of DSO models and why a one-size-fits-all approach does not apply to dental practices.
- Gain insights from firsthand experiences on career growth opportunities, including transitioning from clinical to support roles.

#### COMMERCIALLY SUPPORTED BY:

### 2:00 PM - 3:00 PM • MINI SESSION

1 CE | Public Health/ Community Involvement

#### Prevention Beyond These Four Walls: Public Health Perspectives in Dental Hygiene

Brooke Crouch, RDH

AGD Subject Code: 750 | Special Patient Care

#### Learning Objectives:

- Define public health and its application within the practice of dental hygiene.
- Identify oral health disparities and contributing social determinants.
- Explore current community-based prevention models.
- Discuss implantation of prevention-based strategies in both the public and private sectors of dental hygiene.

### 2:00 PM - 3:00 PM • MINI SESSION

1 CE | Green Dentistry

#### Oxygen-Ozone Therapy: A New Frontier in Oral Health

Barbara Trtiz, RDH, BSDATE, MSB, HIAOMT

AGD Subject Code: 130 | Emerging Concepts, Techniques, Therapies, and Technology

#### Learning Objectives:

- Explore the history, science, and mechanisms of oxygen-ozone therapy and its integration into modern dental care.
- Understand how this therapy effectively manages recurrent decay, periodontal disease, tooth sensitivity, and infection control for both hygienists and dentists.
- Learn practical, step-by-step strategies for incorporating oxygen-ozone therapy into everyday clinical practice—from hygiene visits to restorative and advanced therapeutic applications.
- Recognize how oxygen-ozone therapy supports oral and systemic wellness, empowering providers to educate and inspire patients toward whole-body health.
- Collaborate across the dental team to embrace this cutting-edge, biologically driven approach that enhances treatment outcomes and elevates patient satisfaction.

MINI SESSION

## THURSDAY, JULY 16, 2026 - DAY 1 (CONT.)

### 2:00 PM - 3:00 PM - MINI SESSION

1 CE | Clinical Dental Hygiene

#### The Vitals and The Verdict: Investigating the Case of Hypertension

Anne Rice, RDH, BS, FAAOSH, CDP

AGD Subject Code: 010 | Physiology

#### Learning Objectives:

- Explain the physiology of blood pressure regulation and its clinical relevance in dentistry
- Identify the systemic and oral-systemic risks associated with uncontrolled hypertension
- Apply evidence-based guidelines for accurate blood pressure measurement in the dental setting
- Recognize the relationship between airway disorders (e.g., obstructive sleep apnea) and elevated blood pressure
- Integrate blood pressure screening into dental risk assessment and interprofessional referral pathways

### 2:00 PM - 3:00 PM - MINI SESSION

1 CE | Dental Hygiene Products

#### The Correlation Between Hand Fatigue, Ergonomics, and Glove Design: A Comprehensive Analysis for Dental Hygiene Professionals

Joy Void-Holmes, DHS, BSDH, RDH, FADHA, AADH

AGD Subject Code: I10 | Product/Technology Training

#### Learning Objectives:

- Describe the biomechanical mechanisms by which glove thickness, material stiffness, fit, and friction alter grip strength, tactile sensitivity, and muscle effort in the hand
- Explain the prevalence and risk factors for hand fatigue and musculoskeletal disorders in dental hygiene professionals, citing specific epidemiological data
- Analyze research data to determine how specific glove characteristics quantifiably impact hand performance
- Compare major commercial glove brands (Ansell and Medicom product lines) based on material composition, thickness profiles, ergonomic certifications, and biomechanical performance data
- Evaluate gloves for personal clinical use by applying evidence-based selection criteria including proper sizing protocols, material friction properties, and ergonomic design features
- Develop an individualized glove selection protocol that integrates biomechanical principles, brand-specific features, and clinical task requirements to optimize long-term hand health

#### COMMERCIALLY SUPPORTED BY:

### 3:30 PM - 5:30 PM - GENERAL SESSION

2 CE | Lasers

#### Beyond Scaling: How to Elevate Your Perio Program with Lasers

Joy Raskie, RDH

AGD Subject Code: I35 | Laser Therapy/Electrosurgery

#### Learning Objectives:

- Explain how laser technology supports periodontal therapy and enhances outcomes beyond traditional scaling and root planning
- Identify the most common laser procedures used in hygiene, including bacterial reduction, pocket decontamination, and advanced photobiomodulation techniques
- Analyze the benefits and limitations of laser therapy in periodontics and how it can improve treatment outcomes across different stages of periodontal disease
- Develop a practical plan for integrating laser therapy into a perio program, including patient assessment, communication strategies, and implementation in daily practice

CONFERENCE

# CONFERENCE DETAILS

THURSDAY, JULY 16, 2026 - DAY 1 (CONT.)

## 3:30 PM - 5:30 PM - GENERAL SESSION

2CE | Infection Control

### Learn Today, Prevent Tomorrow! Infection Control for the Dental Healthcare Provider

India Chance, RDH, CDIPC

AGD Subject Code: 148 | Infection Control

#### Learning Objectives:

- Explain the roles of the CDC, OSHA, and other regulatory entities in enforcing clinical standards for dental healthcare providers.
- Apply CDC guidelines and OSHA standards to implement infection control practices, including standard precautions, exposure controls, and written infectious disease response plans.
- Analyze the chain of infection and identify where recommended practices can prevent infection in dental settings.
- Demonstrate proper use of personal protective equipment, hand hygiene, sharps safety, sterilization techniques, and environmental infection prevention measures.
- Develop infection prevention protocols, including administrative measures like annual program reviews, appointing an infection control coordinator, and maintaining compliant policies.
- Evaluate dental unit waterline maintenance and sterilization protocols to ensure compliance with EPA and CDC standards.

## 3:30 PM - 5:30 PM - GENERAL SESSION

2CE | Periodontics

### Desiccation Therapy - A new frontier in managing dysbiotic periodontal disease

Anne Guignon, RDH, MPH, FADHA, CSP

AGD Code: 490 | Periodontics

#### Learning Objectives:

- Recognize the benefits of biofilm removal for the patient, clinician, and dental practice.
- Identify how periodontal pathogens create and support a dysbiotic biofilm community.
- Examine the role of desiccation therapy in biofilm dysregulation, debris removal, and hemostasis.
- Utilize various case presentations to validate, through interactive clinical discussions, the use of adjunctive desiccation therapy.

#### COMMERCIALLY SUPPORTED BY:

## 3:30 PM - 5:30 PM - GENERAL SESSION

2CE | Dental Hygiene Products

### Over 1,500 Oral Care Product Brands. Why Are We Still Losing the Fight Against Cavities and Gum Disease?

Dr. Kami Hoss, DDS, MS

AGD Subject Code: 110 | Product/Technology Training

#### Learning Objectives:

- Explain why cavities and gum disease remain the most prevalent chronic diseases despite widespread product use and patient education.
- Identify critical gaps in traditional oral care education that limit the effectiveness of common home-care recommendations.
- Recognize how marketing-driven features such as excessive foaming, burning sensations, and strong flavors create the illusion of clean without improving oral health outcomes.
- Describe the mouth as a dynamic biological ecosystem involving enamel, saliva, soft tissues, pH balance, remineralization, and the oral microbiome.
- Evaluate modern oral care ingredients and technologies, including fluoride, hydroxyapatite, prebiotics, and microbiome-supportive strategies, using a science-based, systems-level framework.
- Confidently recommend appropriate oral care products and personalized daily routines for patients across all ages, stages, and risk profiles to support meaningful, lasting improvements in oral health.

2 CE | Disease Management

**Synergy of Therapies in Advanced Periodontal Treatment Planning: Integrating Probiotics, Lasers, and DNA Testing**

Irene Iancu, BSC, RRDH, CTDP, OM

ACD Subject Code: 490 | Periodontics

**Learning Objectives:**

- Probiotics and the Oral Microbiome: Understand the basics of probiotics—their types, classification, and how they impact oral health. Learn about the relationship between the oral microbiome and overall well-being through the latest research.
- Oral DNA Testing in Periodontal Treatment: Learn how saliva affects periodontal disease and treatment. Discover the practical applications of DNA testing in improving periodontal care.
- SRP Protocols and Sequencing: Understand the science behind SRP protocols and how to effectively plan and carry out treatment to achieve the best periodontal health outcomes.
- Site-Specific Therapies: Learn the importance of treatments like Arestin in supporting periodontal healing, with real-life examples to guide you.
- Advanced Periodontal Therapies in Practice: Gain practical strategies for integrating advanced periodontal treatments into patient education and care, considering patient preferences and product options.
- Ethical and Evidence-Based Decision-Making: Learn how to navigate ethical considerations in periodontal care and critically assess scientific literature to make informed, evidence-based treatment recommendations.

### 10:30 AM - 12:30 PM - GENERAL SESSION

2 CE | Airways

**From Hygiene Chair to Hormones: Linking Oral Dysfunction, Sleep, and Systemic Health**

**Sarah Hornsby, RDH**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

#### Learning Objective:

- Recognize the oral signs and clinical red flags of airway dysfunction, tongue-tie, and sleep-disordered breathing during routine hygiene exams.
- Explain the connection between disrupted sleep, hormonal imbalance (cortisol, melatonin, growth hormone, thyroid function), and systemic health.
- Identify how myofunctional therapy supports oral posture, nasal breathing, and improved sleep quality as part of an oral-systemic approach.
- Communicate evidence-based talking points to patients about the importance of airway and sleep hygiene without overstepping scope of practice.
- Collaborate effectively with dentists, sleep physicians, and other providers to ensure comprehensive management of patients with suspected sleep-related breathing disorders.

2 CE | Evidence Based Care

**“From Your Mouth to Your Guts: What They Don’t Tell You About Oral-Systemic Healing” – Where science meets the sulcus—bridging microbiology, diagnostics, and modern hygiene care for systemic healing.**

**Camille Zenobia, PhD**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

#### Learning Objectives:

- Identify key oral-systemic mechanisms, including inflammatory load, epithelial barrier dysfunction, and immune dysregulation.
- Evaluate how oral biofilms and cellular activity influence chronic systemic conditions.
- Incorporate science-based hygiene tools—including specific ingredients and diagnostics—that support mucosal healing and microbiome balance.
- Translate complex science into practical patient education for improved adherence and outcomes.
- Reframe the role of the dental hygienist in systemic care with confidence, credibility, and collaboration.

### 10:30 AM - 12:30 PM - GENERAL SESSION

2 CE | Dental Hygiene Products

**Building Your Legacy with New Products**

**Amanda Hill, BSDH, RDH, CDIPC**

AGD Subject Code: 110 | Product/Technology Training

#### Learning Objectives:

# CONFERENCE DETAILS

**FRIDAY, JULY 17, 2026 - DAY 2 (CONT.)**

**12:30 PM - 2:00 PM - NETWORKING ACTIVITY**

**Lunch on the Exhibit Hall Floor**

**2:00 PM - 3:00 PM - MINI SESSION**

*ICE | Preventative Dentistry*

**Real-Time Oral Health Monitoring: The Role of Wearable Technology in Preventive Care**

**Marianne Dryer, RDH, MEd**

AGD Subject Code: 250 | Operative (Restorative) Dentistry

**Learning Objectives:**

- Identify the latest wearable technologies designed for oral health monitoring.
- Discuss the role of real-time data in patient motivation and behavior change.
- Demonstrate how to integrate wearable tech data into assessment, treatment planning, and interprofessional collaboration.

**2:00 PM - 3:00 PM - MINI SESSION**

*ICE | Clinical Dental Hygiene*

**Grip, Don't Slip: The Science of Strong, Happy Hands**

**Cherie Wink, RDHMP, BS, CHEP**

AGD Subject Code: 150 | Health Medicine and Nutrition

**Learning Objectives:**

- Uncover how tiny "microtraumas" sneak into our hands and learn simple ways to stop them.
- Spot everyday habits that strain your grip and swap them for hand-happy strategies.
- Explore the latest science on muscle use, endurance, and protecting your practice power tools.
- Put self-care into action with techniques that boost comfort, strength, and career longevity.

**2:00 PM - 3:00 PM - MINI SESSION**

*ICE | Clinical Care*

**Choking on Food-When You're Not Actually Choking**

**Tracee Dahmn, MS, BSDH**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

**Learning Objectives:**

- Understand what eosinophilic esophagitis is.
- Recognize the symptoms of eosinophilic esophagitis.
- Define what an eosinophil is.
- Describe what conditions can increase a patient's risk of eosinophilic esophagitis.
- Explain to whom to refer a patient who is experiencing eosinophilic esophagitis symptoms.

1 CE | Clinical Dental Hygiene

#### Drying to Heal: Principles, Applications, and Clinical Outcomes of Dental Desiccation Therapy

Annie Walters, MSDH, RDH

AGD Subject Code: 010 | Basic Science

#### Learning Objectives:

- Gain an understanding of the active ingredients found in desiccants.
- Learn about the application guidelines and ease of use for all patient populations.
- Assess the positive impact of desiccants on both patients and clinicians.
- Discover the benefits of desiccation therapy as an adjunctive treatment modality.
- Explore the unique action of surfactants.
- Understand how removing moisture softens calculus and inhibits biofilm formation.
- Appraise the current literature behind this treatment and feel confident recommending it as an evidence-based therapy.

## SATURDAY, JULY 18, 2026 · DAY 3

### 7:30 AM - 9:30 AM - GENERAL SESSION

2CE | Pharmacology

#### “(Don’t) Take It On The Run, Baby!” Illicit Drugs, Licit Drugs Used Illicitly and Management of Substance Use Disorder

**Tom Viola, R.Ph., CCP, CDE, CPMP**

AGD Subject Code: 157 | Substance Abuse

#### Learning Objectives:

- Define substance use disorder and describe its relevance to dental health and patient management
- Recognize the oral and systemic signs of common substances of misuse (e.g., methamphetamines, opioids, alcohol, cannabis, sedatives)
- Identify the potential complications of SUD during dental treatment, including drug interactions, anesthesia risks, and infection concerns
- Understand legal, ethical, and documentation considerations when treating patients with known or suspected substance use disorders

### 7:30 AM - 9:30 AM - GENERAL SESSION

2CE | Ergonomics

#### The Sustainable Clinician: Where Ergonomics Meets Energy

**Debi Dencek, BSDH, RDH, CEAS**

AGD Subject Code: 150 | Health Medicine and Nutrition

#### Learning Objectives:

- Describe how physical, cognitive, and organizational ergonomics impact long-term clinician health and performance.
- Demonstrate ergonomic body-awareness strategies and breath techniques that support musculoskeletal health and mental clarity.
- Apply workflow and communication techniques to reduce stress and improve sustainable chairside performance.

### 7:30 AM - 9:30 AM - GENERAL SESSION

2CE | Oral Systemic Health

#### When Breathing, Bones & Hormones Collide: Relevant Information for the Comprehensive Provider

**Kristin Evans, BS, RDH**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

#### Learning Objectives:

- Recognize the interconnected roles of airway health, hormonal balance, and skeletal integrity in the development of conditions such as osteoporosis, metabolic dysfunction, and sleep-disordered breathing.
- Identify clinical signs and red flags during routine dental hygiene care that may signal underlying systemic diseases or imbalances.
- Apply practical screening tools and interdisciplinary communication strategies to support early detection, patient education, and collaborative whole-body health care.

### 7:30 AM - 9:30 AM - GENERAL SESSION

#### Details Coming Soon

# CONFERENCE DETAILS

**SATURDAY, JULY 18, 2026 · DAY 3 (CONT.)**

## 10:00 AM - 12:00 PM · GENERAL SESSION

2CE | Periodontics

### From Routine to Revolutionary: The New Era of Healing in Hygiene

**Kathryn Gilliam, BA, RDH, MAAOSH, HIAOMT**

AGD Subject Code: 490 | Periodontics

#### Learning Objectives:

- Examine the latest evidence supporting bone regeneration, oral microbiome rebalancing, and the reversal of periodontal inflammation – and how these breakthroughs redefine what's possible.
- Implement assessment protocols that contribute to reduced inflammation and improved overall wellness.
- Discover how embracing the identity of a healing healthcare practitioner elevates clinical practice, team collaboration, and patient trust – transforming dentistry from maintenance-based to mission-driven.
- Explore technologies, techniques, and adjunctive therapies that support periodontal regeneration, biofilm disruption, and microbiome balance.

## 10:00 AM - 12:00 PM · GENERAL SESSION

2CE | Human Trafficking

### Trafficking Happens Here: Human Trafficking Training for the Dental Professional

**Kandice Swarthout, RDH, LPC**

AGD Subject Code: 166 | Human Trafficking

#### Learning Objectives:

- Define human trafficking and differentiate it from sex work and smuggling.
- Identify clinical signs, behavioral cues, and risk factors that may indicate trafficking in dental patients.
- Demonstrate the ability to screen for trafficking using verbal and nonverbal cues in a clinical setting.
- Apply state-specific mandated reporting protocols when trafficking is suspected. Participate in case study discussions to evaluate appropriate identification and response strategies.
- Integrate trauma-informed care principles into dental practice to improve safety and patient trust.

## 10:00 AM - 12:00 PM · GENERAL SESSION

2CE | Oral Pathology

### Diving into the World of Dental Anomalies: A Clinical Guide to Recognition, Referral, and Risk Management for the Dental Hygienist.

**Andreina Sucre, International Dentist (DDS), RDH, MS**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

#### Learning Objectives:

- Describe common dental anomalies, including their clinical and radiographic features.
- Explain the developmental and environmental factors associated with specific anomalies.
- Recognize signs and symptoms of dental anomalies during clinical and radiographic evaluations.
- Evaluate the potential impact of anomalies on caries risk, periodontal health, and occlusion.
- Develop effective communication and referral strategies to manage patients with identified anomalies.

## SATURDAY, JULY 18, 2026 · DAY 3 (CONT.)

### 10:00 AM - 12:00 PM · GENERAL SESSION

2CE | Ergonomics

#### Are You a Slouch Potato? Elevate Your Ergonomics for Pain-Free Dental Practice

Stephanie Botts, BSDH, RDH, CEAS

AGD Subject Code: 150 | Health Medicine and Nutrition

#### Learning Objectives:

- Identify unique cumulative stress and musculoskeletal disorders that affect dental professionals
- Incorporate improved ergonomics and stretches into daily life
- Review patient and operator positioning to improve ergonomics and reduce pain
- Assess ergonomic equipment to maintain proper positioning

#### COMMERCIALLY SUPPORTED BY:

### 12:00 PM - 1:30 PM · NETWORKING ACTIVITY

#### Lunch on the Exhibit Hall Floor

### 1:30 PM - 3:30 PM | WRAP-UP MEGA SESSION

2CE | Professional Development

#### The Hygiene Uprising: If Anyone Can Do It, Then We're Not Doing EnoughReclaiming Excellence, Redefining Our Role, and Rising Above the Noise

Katrina M Sanders, RDH, BSDH, M.Ed, RF, FDSI

AGD Subject Code: 770 | Self Improvement

#### Learning Objectives:

- Analyze emerging trends in workforce delegation within dentistry and examine how evolving roles such as preventive assistants' underscore the need for licensed dental hygienists to practice at the top of their scope
- Demonstrate strategies for elevating clinical care through comprehensive assessments, periodontal charting, systemic risk screening, airway evaluations, and oral cancer detection, reinforcing the irreplaceable value of the licensed RDH.
- Identify key opportunities for dental hygienists to elevate their role through enhanced clinical decision-making, interdisciplinary communication, and patient-centered care that differentiates the RDH from delegated support roles.

# RDH® EDUCATOR

\*Registration is required. This event is only available to current academia or those seeking educator positions

**July 16 -17, 2026**

Gaylord National Resort & Convention Center

Educational Grant  
Provided by:

## Empowering Educators with RDH Educator Workshops

RDH Educator Workshops provide a unique opportunity for educators to further their knowledge. Attendees may acquire 16 hours of CEU focusing on educational methodology and faculty calibration training. During the programs, you will have the opportunity to connect with other like-minded professionals dedicated to advancing dental hygiene education.

### Benefits of attending RDH Educator:

- **Learn Directly:** Benefit from the insight and experiences of recognized dental hygiene educators
- **Interactive Discussions:** Engage in stimulating dialogues and define your next steps in your educational journey
- **Networking:** Connect and build relationships with fellow educators from diverse backgrounds
- **Earn CE Credits:** Enhance your educational methodology and earn CE credits in the process

# RDH EDUCATOR WORKSHOPS – 8 separate two-hour workshops

**Thursday, July 16, 2026**

## **8:00 AM - 10:00 AM | EDUCATOR WORKSHOP**

*2 CE |Educators Only*

### **Faculty Exchange: Teaching Competencies in Oral Anatomy, Histology, and Embryology**

**Sara Taft, MSAH, RDH**

AGD Subject Code: 010 | Basic Sciences

#### **Learning Objectives:**

- Share current approaches for teaching and assessing Oral Anatomy, Histology, and Embryology competencies.
- Analyze strategies for aligning competency assessments with evidence-based clinical practice.
- Collaborate with peers to address common teaching challenges and explore innovative solutions.
- Develop a shared repository of rubrics, assignments, activities and evaluation tools for Oral Anatomy, Histology, and Embryology.

## **10:30 AM - 12:30 PM | EDUCATOR WORKSHOP**

*2 CE |Educators Only*

### **Faculty Calibration Station: Challenges, Strategies, and Student Success... All Aboard!**

**Kelsey Miller, LDH, BSDH, M.S.Ed.**

AGD Subject Code: 770 | Self-Improvement

#### **Learning Objectives:**

- Define faculty calibration and explain its importance in maintaining program integrity and meeting CODA standards.
- Identify challenges related to inconsistency in teaching, clinical assessment, and grading among faculty members.
- Apply calibration strategies to create shared expectations for clinical performance, grading rubrics, and professional behavior standards.
- Develop a plan for documenting ongoing calibration activities that promote faculty development, consistency, and student success.

## **1:30 PM - 3:30 PM | EDUCATOR WORKSHOP**

*2 CE |Educators Only*

### **OSCE You at the Finish Line: Designing Clinical Exams That Measure What Matters**

**Melissa Calhoun MSDH, RDH**

AGD Subject Code: 770 | Self-Improvement

#### **Learning Objectives:**

- Explain the purpose and advantages of OSCEs in assessing dental hygiene student competence.
- Identify key steps in designing OSCE stations that align with program learning outcomes and CODA standards.
- Develop clear student instructions, standardized patient scripts, and examiner scoring tools for OSCE stations.
- Apply best practices in examiner calibration and scoring to enhance validity and reliability of OSCE assessments.
- Construct a draft OSCE station, including objectives, case scenario, and evaluation rubric, for use in their own program.

## **4:00 PM - 6:00 PM | EDUCATOR WORKSHOP**

*2 CE |Educators Only*

### **Leveraging the Colgate Dental Educators Network for Academic Excellence**

**Marianne Dryer, RDH, Med**

AGD Subject Code: 490 | Periodontics

#### **Learning Objectives:**

- Differentiate clinical attachment level (CAL) from clinical attachment loss and accurately apply these concepts in periodontal diagnosis and staging using the 2017 AAP Classification System.
- Implement the staging and grading framework to support individualized patient care and case management in both didactic and clinical settings.
- Identify opportunities for faculty calibration to promote diagnostic consistency and cohesive instruction across the periodontal curriculum.
- Align periodontal teaching content and assessment with CODA standards, ensuring integration of classification principles into student learning and case presentation strategies.

# RDH EDUCATOR WORKSHOPS – 8 separate two-hour workshops

**Friday, July 17, 2026**

## 8:00 AM - 10:00 AM | EDUCATOR WORKSHOP

2 CE |Educators Only

### Pharm It Up! Interactive Teaching Techniques for the Dental Hygiene Educator

**Melissa Calhoun MSDH, RDH**

AGD Subject Code: 730 | Oral Medicine, Oral Diagnosis, Oral Pathology

#### Learning Objectives:

- Apply evidence-based teaching methodologies to deliver complex pharmacology concepts in an engaging way.
- Demonstrate three active learning strategies that reinforce pharmacology knowledge for dental hygiene students.
- Design breakout activities that connect pharmacologic concepts to patient care and clinical application.
- Incorporate case-based, team-based, and visual learning methods to improve student comprehension and retention.
- Evaluate how student engagement strategies align with course outcomes and CODA standards.

## 10:30 AM - 12:30 PM | EDUCATOR WORKSHOP

2 CE |Educators Only

### Faculty Exchange: Teaching Competencies in Periodontology

**Sara Taft, MSAH, RDH**

AGD Subject Code: 490 | Periodontics

#### Learning Objectives:

- Share current approaches for teaching and assessing Periodontology competencies.
- Analyze strategies for aligning competency assessments with evidence-based clinical practice.
- Collaborate with peers to address common teaching challenges and explore innovative solutions.
- Develop a shared repository of rubrics, assignments, activities and evaluation tools for Periodontology.

## 1:30 PM - 3:30 PM | EDUCATOR WORKSHOP

2 CE |Educators Only

### Consistent Clinical Feedback = Confident Future Hygienists

**Kelsey Miller, LDH, BSDH, M.S.Ed.**

AGD Subject Code: 770 | Self-Improvement

#### Learning Objectives:

- Describe the qualities of effective clinical feedback that promote learning, self-reflection, and student accountability.
- Evaluate current faculty feedback practices to identify gaps or inconsistencies in the operatory setting.
- Practice and apply structured feedback models with student scenarios.
- Demonstrate the value of a calibrated faculty approach to ensure consistency and student trust in the clinical feedback process.

## 4:00 PM - 6:00 PM | EDUCATOR WORKSHOP

2 CE |Educators Only

### Leveraging the Colgate Dental Educators Network for Academic Excellence

**Becky Horst, RDH, BA, & Maryfrances Cummings, RDH, BS, MPH**

AGD Subject Code: 770 | Self-Improvement

#### Learning Objectives:

- Navigate the Colgate Dental Educators Network and find ready-to-use resources for your courses.
- Find courses on teaching methodology and leadership.
- Develop OSCEs and locate ready-to-use ones
- Use the site for student remediation and faculty development

EDUCATIONAL GRANT PROVIDED BY:

# AMBASSADOR PROGRAM & FEATURED PODCAST

## SIGN UP TO BE A RDH • UnderOneRoof. Ambassador

**Do you know dental hygienists that would benefit from attending RDH Under One Roof?**

**Do you tell everyone you know about the event?**

Then it's time you are rewarded for being an  
**RDH Under One Roof Ambassador!**

1. Send an email to [registration@endeavorb2b.com](mailto:registration@endeavorb2b.com) requesting to become a 2026 Ambassador. Registration will send you a unique code for you to send to your friends and colleagues
2. At least two first-timer attendees must register (and pay) as full conference registrants using your unique promo code
3. Get rewarded and win prizes!

## FEATURED PODCASTS

### A TALE OF TWO HYGIENISTS PODCAST

Welcome to the world's **#1 dental hygiene podcast!** You will get up-to-date information with real-life application. Our co-hosts are exactly where you are, dental professionals looking to get better! We may not be experts, but we will do our best to get them on the show!

### RDH MAGAZINE PODCAST

RDH Magazine Podcast is the community of voices you love from RDH Magazine, brought to your podcast feed every week. You can expect to gain education and have the RDH Magazine community in your ears to complement the content you enjoy online and in print each month.

# Evolution

**July 13-15, 2026 | National Harbor, MD**  
Gaylord National Resort & Convention Center

**Announcing the 6th Live RDH Evolution conference for dental hygienists who are passionate about evolving their career!**

- **RDH Evolution** provides a unique opportunity for dental hygienists to learn from their peers how to get the most from their career.
- Attendees will focus on professional development, goal setting, clinical expansion, speaking skills, and how to be published.
- Attendees will meet and learn from other like-minded dental professionals, while networking with corporate sponsors who hire and work with dental hygienists.
- This career enhancement program will accelerate your career goals as you work with motivated dental hygienists and understand how they used their skills to expand their expertise both in and out of the clinic.

## Benefits of Attending:

- Learn directly from dental hygiene thought leaders you recognize
- Grow from interactive discussions and define your next steps

**Register before  
May 31, 2026 for just \$419**

EXHIBITION

# HOTEL INFORMATION & RESERVATIONS

## *Hotel Information—Book Early!*

To make your hotel reservation contact **Connections Housing**, the official housing company of RDH Under One Roof 2026. Discounted rates are available only through our office and cannot be guaranteed after **June 6, 2026**, or until the conference room block is filled.

### QUESTIONS ABOUT YOUR RESERVATION:

**Phone:** (702) 329-0911

**Email:** [underoneroof@connectionshousing.com](mailto:underoneroof@connectionshousing.com)

**\*\*If you cancel your registration, this DOES NOT cancel your hotel room. You will need to cancel that separately.**

### CANCELLATION INFORMATION:

All reservations canceled on or after June 6, 2026, will incur a nonrefundable \$45 cancellation fee. This is in addition to any hotel policies. Cancellations must be received at least 72 hours prior to arrival to avoid a one night's room and tax penalty per reservation. Hotel also reserves the right to charge an early departure fee if applicable

### OFFICIAL EVENT HOTEL:

#### GAYLORD NATIONAL RESORT AND CONVENTION CENTER

201 Waterfront Street

Fort Washington, Maryland 20745 US

Phone: +1 301-691-5278

**\$284 Single, Room Tax: 18% Tax**

### AIRPORT:

#### Ronald Reagan Washington National Airport - DCA

**Airport Phone:** +1 703-417-8000

**Hotel distance:** 8.3 miles (approx. 17 minutes)

**This hotel does not provide shuttle service.**

· Estimated taxi fare: \$35 USD (one way)

· Estimated Uber cost: \$35 USD (one way)

### DEPOSIT INFORMATION

The hotel reserves the right to charge one night's room plus tax prior to arrival. The remaining nights' charges are collected at check-in. If the credit card provided is not valid and chargeable in the amount of one night's room and tax per each room reserved, the hotel reserves the right to cancel your reservation(s).
